## PUBLIC NOTIFICATION

### Southern California Edison (SCE) Construction Activity

#### Potential Temporary Traffic Interruptions in Irwindale: Southbound exit at Arrow Hwy on the San Gabriel River Fwy (605)

Notification Date: January 3, 2013

---

#### Activity:

**Southern California Edison (SCE), as part of its Tehachapi Renewable Transmission Project (TRTP), will be installing new electrical transmission wires (500 kilovolt) in the utility right-of-way corridor along the west side of the San Gabriel River Freeway (605) in the Irwindale area.**

This electrical system upgrade will include the use of a **small helicopter** to position the new wires and project personnel.

**NOTE: This activity may include brief traffic interruptions on the southbound exit at Arrow Highway on the San Gabriel River Freeway (605).**

**As part of SCE's commitment to ensuring the safety of both the public and project personnel, traffic control safety measures will include a combination of traffic control signs and crew members with flags to direct traffic, as needed.**

**Each brief traffic interruption, if any, is expected to last approximately three (3) to five (5) minutes.**

#### When:

**January 7 – 19, 2013  
Beginning at 6:00 a.m. and continuing during daylight hours**

#### Where:

**In the utility right-of-way corridor along the west side of the San Gabriel River Freeway (605) between Arrow Highway and the Foothill Freeway (210) (*\*see project area map below*)**

#### Contact:

**For more information about the Tehachapi Renewable Transmission Project (TRTP), please call (877) 795-8787 or visit [www.sce.com/trtp](http://www.sce.com/trtp)**

**- see project area map below -**
